

Music Online

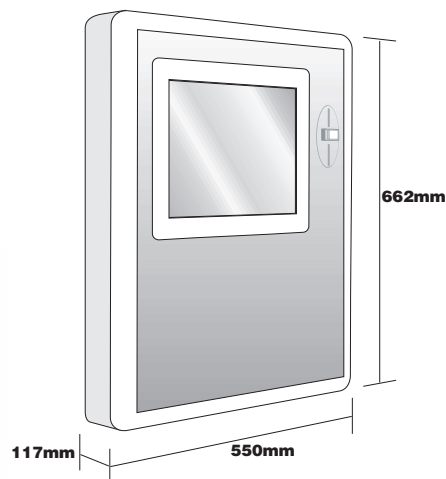

From the leading manufacturer of Digital Jukeboxes comes a real beauty! The elegant and versatile 'MUSIC ONLINE'.

This wall mount machine is the most compact and lightweight model available anywhere, belying its feature packed status. Including Sound Leisure's Intelligent Music Management System (IMMS), enabling it to select the most appropriate music on-site without operator involvement and our tried and tested touch screen interface which is commonly regarded as the simplest available. The attractive cabinet is crafted in stylish yet understated satin aluminium finish, which blends ideally with any decor.

The 'Music On Line' is also available as a remote selector, which can be connected to any of the machines in Sound Leisure's Digital Audio and Video range.

Features:

- The most compact and lightweight model available
- Stunning satin aluminium cabinet
- CD based track download. Alternative remote delivery options available
- Includes Sound Leisure's 'Intelligent Music Management System' (IMMS)
